

# Trauma Grid

When a patient presents with trauma, at every appointment a trauma grid should be completed. The following grid outlines all necessary investigations.

Trauma Investigation	Findings
<b>Sinus</b>	
<b>Colour</b>	
<b>TTP</b>	
<b>Colour</b>	
<b>Mobility</b>	
<b>Electric Pulp Test</b>	
<b>Ethyl Chloride test</b>	
<b>Percussion note:</b>	<i>Dull / high pitched</i>
<b>Radiograph</b>
